I primarily use text messages as reminders. Tell your teammates about the website so they can have access to league information. If teammates want to receive league emails, send me their names and email addresses. I am the web master so address any website problems to me.

SPONSOR DRESS CODES.

See the team captains' roster to see what dress codes apply for each sponsor. Here are some of the more common dress codes but this list is not intended to be all-inclusive.

- 1. Some sponsors do not have a dress code but many might object to clothes with an obscene message. Your best bet is to avoid such clothes.**
- 2. If a cap is worn, the bill must face to the front.**
- 3. No doo rags, bandanas or biker colors.**
- 4. No clothing that exposes undergarments (example, droopy shorts with underwear exposed) or is intended to be worn as an undergarment (i.e., an underwear shirt commonly called a wife beater).**
- 5. No sleeveless shirts unless worn as an undergarment.**
